

AGED TO *PERFECTION* IN FRENCH LIMOUSIN OAK

Trade Benefits

The predecessor of all modern gin, rooted in Dutch tradition.

A great malt spirit distilled with 22 botanicals for depth and complexity.

Rested for at least 18 months in French Limousin oak casks, allowing flavors to develop and deepen.

Produced in limited quantities by Lucas Bols — the world's oldest distilled spirits company, established in 1575.

Heritage & Story

In the 17th century, Dutch sailors and soldiers fortified their courage with Genever before battle.

That legacy lives on in Amsterdam's iconic ritual: The Little Head-Butt (Kopstootje).

Served in a tulip glass, nearly overflowing, the spirit is slurped before sipping your favorite beer.

A Dutch tradition since the 1600s, still enjoyed today.
