**DAMRAK VIRGIN  
CONTAINS  
10 BOTANICALS**

Made in the heart of Amsterdam, Damrak is a unique, accessible gin with clear citrus notes and a palate of subtle botanicals like juniper, ginger and lavender.

We want to be there for people that seek a balanced cocktail also when they are not seeking the buzz. Whether they are just sober-curious, not drinking at all or mindful, it's about having that choice. Damrak Virgin is the new twist to our Damrak Original Gin. A non-alcoholic spirit with subtle citrus notes distilled from 10 all-natural botanicals.

Now you can choose a sophisticated drink, with 0% alcohol and 100% flavor. Or if you are seeking that buzz, stick to the original Damrak Gin.
