

PALLINI

PEACHCELLO

ABOUT PALLINI PEACHCELLO

Pallini Peachcello is an Italian fruit liqueur made from Italy's finest white peaches. White peaches, native to Emilia Romagna, grow mainly in the first part of summer and reach maximum ripeness in July, these luscious peaches are picked at their peak off flavor and infused in pure alcohol to create this exquisite liqueur.

KEY COCKTAILS

Pallini Peachcello will make a sensational addition to the essential brunch cocktail Bellini. The juicy peachy flavor rivals that of a fresh peach puree while providing stable shelf life and consistency.

Try it in bourbon-based drinks for a spirited take or simply adding to ice tea for a low ABV sipper.

PALLINI BELLINI

1 part Pallini Peachcello
3 parts Sparkling Wine

*Add all the ingredients
to a champagne flute.*

PEACHCELLO

THE PEACH STATE'S SIGNATURE PEACH LIQUEUR

FROM ITALY... MADE FOR GEORGIA

Georgia is known for peaches—but most bars struggle to deliver consistent, high-quality peach cocktails. Pallini Peachcello changes that. Crafted in Italy using white peaches from Emilia Romagna, picked at peak ripeness and infused to capture truefruit flavor—delivering authentic peach taste with zero prep and year-round consistency.

WHY NOW: BUILT FOR TODAY'S TOP OCCASIONS

- 1 **Brunch Boom** – Bellinis & spritz lead menus
